

Boost Your Team's Creativity

2 Days

Your team can take the initiative on problem solving. When they do, everyone will benefit. You'll have less work "delegated upwards" and your staff will feel more motivated. This session shows managers how to get everyone thinking creatively. Learn to move people beyond stuck states and get thoughts flowing freely. You'll be amazed at how easy it is to get great results from meetings, planning sessions and problem solving discussions once you've mastered these tools.

What you'll learn to do in this course

You'll come out of this session with powerful tools for sparking team creativity. We'll bring theory to life and tell you how to succeed. You'll talk through examples and enjoy practical exercises. You'll walk away with practical tips for applying what you learn in real-life situations. At the end of the course, you should be able to:

- Inspire your people to think creatively
- Use tools of genius to get results at work
- Solve problems using advanced thinking tools
- Move teams beyond arguments to solutions
- Get people moving from ideas to action in no time at all

Topics you'll cover

- Secrets of whole-brain thinkers
- Your role as the catalyst for creativity
- Asking questions that prompt solutions
- Thinking tools for creative teams
- Getting past arguments to find solutions
- Turning plans into action
